AFNS

Your trusted partner for end to end structured cabling and high speed fiber optic interconnect solutions

Amphenol FCI

Design, Build, and Enable High Performance Networks

and Enable Networks

As a global leader in interconnect solutions and network connectivity systems, Amphenol FCI provides both standard and customized passive network solution products to the market. Our commitment to the stringent management of our supply chain and manufacturing focus enables us to consistently deliver the highest quality, high performance products and solutions to our customers.

Amphenol FCI offers an extensive range of ICT product and solutions, including end-to-end structured cabling solutions, High performance and high density Data center solutions, FTTH, Outside plant fiber campus connectivity solutions, PLC Splitters, and other customized products for ICT applications on demand.

Amphenol FCI works closely with the industry experts to constantly develop new products and technology solutions and makes customer satisfaction their top priority.

With our unmatched expertise in fiber infrastructure and ICT technology, rely on us to enhance and migrate your Enterprise network, Data Center, Telecom, or Broadband network to outperform today and be ready for the needs of tomorrow.

Amphenol FCI's quality system is certified to ISO 9001:2015 and ISO 14001:2015 standards. All passive components are RoHS compliant.
